The Brewery Support Technician is responsible for supporting essential brewery functions. This is an entry level position and will be trained in all duties.

Tasks and Responsibilities:

- Assist in packaging runs
- Cleans kegs
- Delivers kegs and raw materials
- Performs daily checklist items
- Maintain a clean and orderly work space
- Work with QA/Sensory team to continually improve beer
- Be comfortable in production areas with pressure vessels, steam, hot water, confined spaces
- Follow OSHA regulations about Forktrucks, chemical handling, LOTO, confined space, etc
- Other responsibilities as assigned

Qualifications:

- High desire to learn about brewery operations and techniques
- Great communication skills
- Clean driving record
- Ability to work independently without direct supervision
- Ability to lift 50+ lbs
- Ability to become certified to operate a forklift
- Ability to follow written and oral instructions
- Ability to work in both hot and cold environments
- Capable of standing on your feet for long periods, 8-10 hours per day

Working Conditions/Schedule: All hours are worked at the brewery. The physical environment requires the employee to work both inside and outside, wet/humid, dry/arid, confined, hot/cold environment, and heights. Proper adherence to company and OSHA safety standards are required. Frequently required to use personal protective equipment to prevent exposure to hazardous materials. May be requested to work overtime and weekends for special events.
